SUMMARY

[2–4 sentence summary: who you are professionally, your core expertise, a quantified highlight or two, and what kind of role/impact you're looking for. Keep it tight – this is the one part of the resume written in first person.]

EXPERIENCE

[Company Name] [City, State / Remote]
[Most Recent Title] [Start Date] – [End Date / Present]

- [Bullet: lead with a strong action verb, describe what you did, and quantify the result wherever possible – e.g. "Owned X end-to-end, resulting in Y% improvement in Z."]
- [Bullet 2 – another concrete accomplishment with a measurable outcome.]
- [Bullet 3 – vary the type of accomplishment: technical build, process improvement, cross-functional collaboration, etc.]

[Earlier Title at Same Company] [Start Date] – [End Date]

- [Bullet describing a core responsibility or accomplishment in this earlier role.]
- [Bullet 2.]

[Previous Company Name] [City, State]
[Job Title] [Start Date] – [End Date]

- [Bullet describing scope and impact in this role.]

TECHNICAL SKILLS

[Skill Category 1]: [Tool/skill, tool/skill, tool/skill]

[Skill Category 2]: [Tool/skill, tool/skill, tool/skill]

[Skill Category 3]: [Tool/skill, tool/skill, tool/skill]

[Skill Category 4]: [Tool/skill, tool/skill, tool/skill]

Languages, Data & Platforms: [Language, tool, tool, tool]

PROJECTS

[Project Name] | [Tech Stack Used] [Date / Date Range]

- [One or two sentences describing what the project does, why you built it, and any measurable outcome.]

EDUCATION

[School Name] [City, State]
[Degree & Major] [Start Year] – [End Year]
